

Itinerary Express pre- and post-season

Mem-Sjötorp, 3 days

During pre- and post-season on the Göta Canal, you travel according to a fixed itinerary. A lock keeper follows you throughout your journey to open locks and bridges and assists you with any questions.

Please note that the specified arrival times are approximate, and may vary depending on weather conditions, bridge openings and other traffic. Lunch breaks are held at times agreed upon between the lock keeper and the members of the convoy.

The Göta Canal Skipper's Guide contains information on guest harbours, locks, bridges, fuelling stations and more.
